C Outlook and recent news

A less favorable economic climate

/ Uncertainty continues to weigh heavily on business investment and demand for consulting services

- Growth slowing globally
- Trade wars
- Brexit
- Negative rates

/ The slowdown in spending is gradually spreading

- > following trends in financial services, manufacturing, and retail
- > budgets are tightening, the scope of projects reducing, and decisions taking longer

/ But expectations are for a soft landing rather than a stall

- > corporate margins are resistant
- > transformations are more selective, but continue

Key areas of focus for H2

/ Maintain intense business development efforts

- > prospecting, expansion, additional effort at the presales stage

/ Pursue a shift in focus toward the highest potential sectors

- > energy, transport, public sector

/ Focus on the areas where our clients are most active

- > operational efficiency, digitalization, agility, data/AI, compliance, cybersecurity

/ Recruitment plan set out at the start of the year confirmed for H2

- > confidence in the results of the actions undertaken since the beginning of 2019
- > will underpin growth potential for future years

Updating of 2019/20 objectives

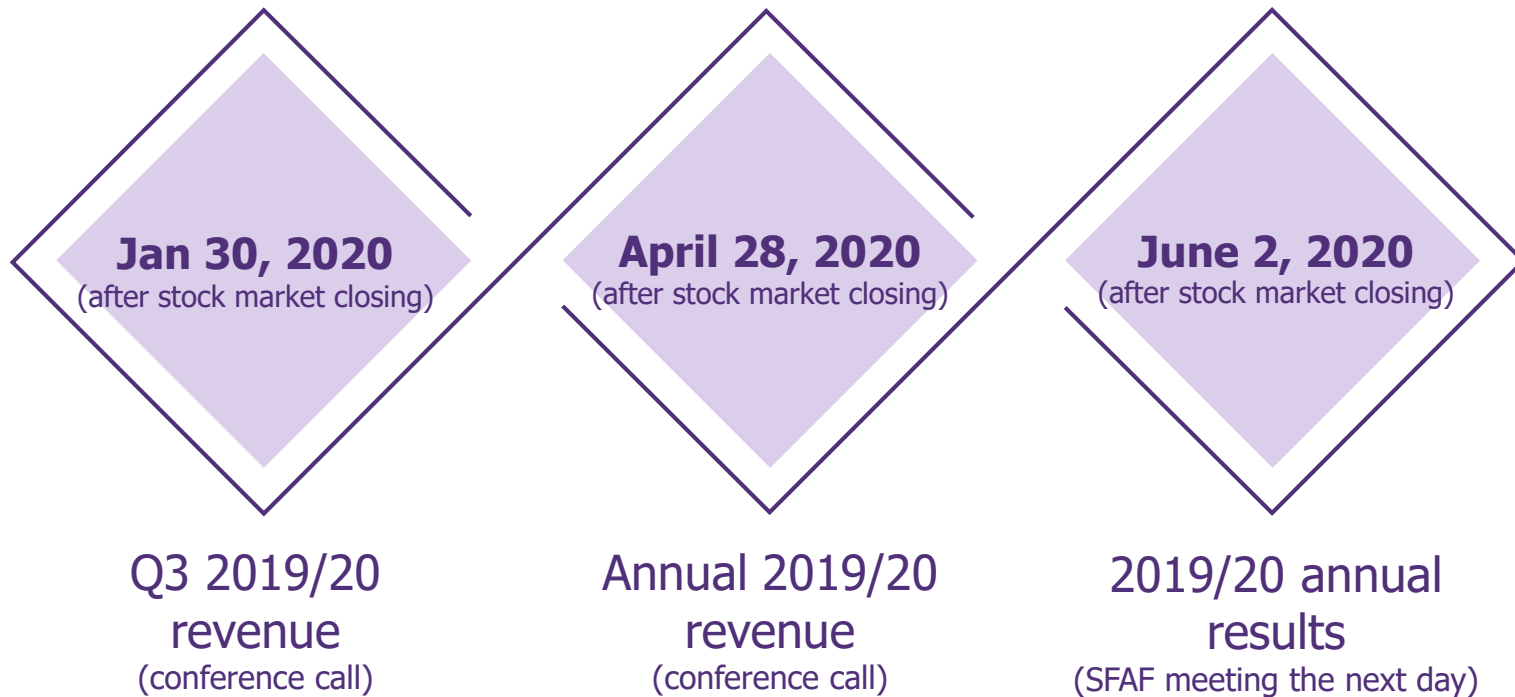

- / Updating of annual objectives, taking into account the contribution from WGroup
- / A degree of prudence of one percentage point on non-WGroup growth
 - > after a low point reached during summer, the consultant utilization rate began to recover gradually
